

Very Special One
Kimbo Tippett — Cliff Jeter

Could you? Would you be the one? Would you?
Could you be that Very Special One?

Will you fill my world with love? Will you be my lifelong friend?
Will you take this chance? It's all up to you.
Now your choice will be my consequence.

Could you? Would you be the one? Would you?
Could you be the one?
You're everything I want in a woman.
Every thing about you turn me on.

Could you? Would you be the one? Would you?
Could you be that Very Special One?

I intend to treat you right. I come to you in a positive vibe.
Now we're going to see just what you will really do.
I let you in, now the rest is up to you.

Could you be the one? Sweet lady. Could you be the one?
You're everything I want in a woman.
Every thing about you turn me on.

Could you? Would you be the one? Would you?
Could you be the Very Special One?

Very Special One.

Could you? Would you be the one? Would you? Could you be the one?
Would you? Could you be the one? Would you?
Could you be that Very Special One?
