

# Closer to You

Kimbo Tippett

When I was alone and by myself  
You were always there to give your help.  
You hear my conversation.  
You're my closest friend and your my only salvation.  
It's so easy to do. To be in love with you.

I was once washed up and on the rocks.  
You revived me, then you broke the locks.  
You have my full devotion.  
My love for you is deeper than the ocean.  
It's so easy to do. To be in love with you.

Lead me by the hand on the path of your choosing.  
Let me know your plan.  
Tell me what I could be doing.  
To get closer to you.

When I don't remember who I am,  
I know that you always understand.  
Just tap me on the shoulder.  
Whisper in my ear and I'll be your soldier.  
It's so easy to do. To be in love with you.

Lead me by the hand on the path of your choosing.  
Let me know your plan.  
Tell me what I could be doing.  
To get closer to you.
