

# Three Magic Words

Kimbo Tippett

Three Magic Words not often heard  
Three words to help you grow  
Increase the things you know  
Helps you to understand  
You know you must expand.  
Three simple words can make you strong.  
Don't want to wait too long.  
These words of power are, "I was wrong".

Three Magic Words not often heard  
No one is always right.  
You've got to love the light.  
You better realize  
You need to lose the lies.  
Take these words. Hear this song.  
Everyone should sometimes say, "I was wrong".

What I had to do for the sadness to be gone  
Had to make friends with the words, "I was wrong".

Three Magic Words not often heard.  
It's time to face the facts.  
It's time for you to act.  
Can you look in the mirror  
And not be filled with fear?  
You better not wait too long.  
Time to say the words, "I was wrong".
