

One Point of View

Kimbo Tippett

CH Why do they want us to have one narrative?
Why do they want us to have one point of view?
For a magic trick to seem like it's true,
It's most important to have just "one point of view".

Pull back the curtain and see what you see.
It might be shocking, it might not be pretty.
The question is: Do you want to be free
Or are you happy in your prison fantasy?

CH

With the wool pulled over your eyes
You know the plan. You're never surprised.
You want it so bad. You're deaf to the cries.
You really believe there are necessary lies.

You know I'm me and I always will be.
I can't be satisfied by soothing fantasies.
If wishes were fishes, we all would eat.
It's time to stand up on your own two feet.

CH Why do they want us to have one narrative? I'm so bored.
Why do they want us to have one point of view? There's always more.
For a magic trick to seem like it's true... can't know what's true
It's most important to have just "one point of view".

Why do they want us to have one narrative? Just let us live.
Why do they want us to have one point of view? Just let us give.
For a magic trick to seem like it's true. It's deceptive.
Why do they want us to have one point of view? One eye.
Why do they want us to have one point of view? Black eye.
Why do they want us to have one point of view? Red shoes.
Why?
