

You've Got a Lot of Nerve

Kimbo Tippett (based on some Bob Dylan tunes)

"Forget the dead you've left they will not follow you."
These are words of wisdom that we know are true.
You are way too weak to be my friend.
Action over words. Me no pretend.
It's not a good idea to enter my space.
It wouldn't be too smart to show your face.

I take your attitude as an attack.
Self defense must follow. You might end up in a sack.
Can't breathe, can't swallow or take it back.
The street brawler in me might just react.
Get too close, just know that you could die.
Best case... you might only lose an eye.

As of this very moment, you don't even rank.
You will soon be gone out of my memory bank.
Many times I had to cut some off.
I never missed them, no, not even once.
Fake friends are worse than actual enemies.
Some people are more like ticks or fleas.

I'll dust you off and never think of it again.
"You've got a lot of nerve to say you are my friend."
