## Kimbo Tippett

CH Not Gonna Worry, Not Gonna Fret.

The One that's in control hasn't let me down yet.  
What tomorrow holds... well, I don't really care.  
The One that holds tomorrow, is already there.

Things will be what they will be.  
The way that I react is just up to me.  
Everything is good just as long as I am free.  
People will do what ever they will do.  
The best that you can do is try to stay true.  
Try to stay true.

CH

Take the test. Be your best.  
The One that's in control will take care of the rest.  
Do what you can do and do it with zest.  
Just keep your eyes only on the prize.  
If you keep your focus, you can't be fooled by lies.  
You can't be fooled by lies.

CH

Give your thanks. Live in love.  
Give respect and rise above.  
Why should you be so blue?  
Don't you know someone's looking after you?

Not Gonna Worry, Not Gonna Fret.
