

I'm Still Here

Kimbo Tippett

Here I am. I'm right here. I see my face in the mirror.
I'm still here.

I'm still here. After all these years.
I'm still here. I can't believe that I'm still here.
No one knows. I'm still here.
It never shows. Far or near.
Who can say "Why"? I'm still here.

So many have died. So many have tried.
We all have cried. But now the tears have dried.

I'm still here. Surrounded by those that are dear.
I'm still here. I can't believe there is no fear.
No one knows. I'm still here.
I don't do shows. But, I'm still here.
I can't deny. I'm still here.

So many have gone. The trip was long.
We sang our song. The memories are still strong.

I'm still here. I'm still on this sphere.
I try to live with cheer. The test is severe, but I'm still here.
No one knows. I'm still here.
It never slows. I'm still here.
The feeling grows. I'm still here.

So many have left. The trip was so long.
We did our best. The memories are still strong.

I'm still here. In spite of what you might hear.
I've lost all of my fear. The test is severe, but I'm still here.
No one's aware. I'm still here.
Don't think they care. I'm still here.
I want to share. I'm still here.
I'm still here.
